Head of the Nazi Party in Ankara; representative of A.E.G.; some time ago at a party gathering alluded to certain diplomats who paid only lip-service to Nazi ideals and in reality were hostile to these, following a policy of their own; PAPEN took this, it is believed, as an allusion to himself and insisted on Friede's departure from Turkey; Friede presumably reported ^{to high party} circles in Germany to such effect that an inquiry was ordered and carried out by GRAEFE (GERMANY); it should be noted that the latter's visit to Istanbul last week took place during Papen's absence from Turkey.
